NORTH EAST YOUTH SHEEP SHOW

SHOW MANUAL

The New England Sheep and Wool Grower's Association (NESWGA) and the North East Youth Sheep Show (NEYSS) is committed to producing a professional show that provides a positive, competitive, and safe experience for all levels of shepherds and their families. Our combined goal is to teach and guide all levels of showmen to not only gain confidence in the show ring, but to also garner the skills needed to be successful shepherds. Emphasis is placed on leadership, integrity, and sportsmanship. Our show allows our most novice participants to our most senior participants to take ownership of their sheep, their show, and their future roles in the industry. Our mission is reflected in our show rules. We appreciate your help and cooperation in making this a great experience for our youth!

We rely on your help. Please look for opportunities to volunteer and make this show experience even better for our youth. Thank you, The NEYSS Show Committee

A 'Walk Around' Fitting Clinic will be available to all participants who are interested in receiving guidance. Participants should sign up at check-in Friday morning and receive a flag to hang on their pens. Code of Conduct

EXHIBITORS AND FAMILIES ARE RESPONSIBLE FOR READING THESE RULES & BEING FAMILIAR WITH THEM.

The North East Youth Sheep Show has become a very successful and large event. Participants and their families are encouraged to participate fully in all that the youth show has to offer, and are requested do so in a manner that is safe, that adds to the community, and creates a positive experience for everyone at the show. To ensure the quality of this event, the education of the youth and their families, and the promotion of sheep and agriculture to the general public, the show committee is endorsing the National Show Ring Code of Ethics. It is each family's responsibility to read this Code and adhere to these guidelines for the duration that they are participating in the show.

It is very important to the show management that youths conduct themselves with respect for themselves, their animals and people around them. Exhibitors shall at all times conduct themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. Any action that violates these ethics will be grounds for disqualification from the show and possible immediate dismissal from the show grounds:

In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect, and no person shall direct abusive or threatening conduct toward them.

(b) No owner, exhibitor, fitter, trainer, or absolute responsible person shall conspire with another person or persons to intentionally violate this Code of Conduct or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Conduct. Violation of this Rule shall subject such individuals to disciplinary action.

(c) There will be NO alcohol or drug use by youth show exhibitors for the duration of the event at the show facilities. If a youth show exhibitor is caught consuming either of these substances or found inebriated or in an intoxicated state, he or she will not be allowed to participate and will forfeit any premiums earned.

Massachusetts Animal Health Regulations

Special Note: Massachusetts COVID-19 response orders supersede all other exhibition guidance. Please visit mass.gov/covid-10updates for the most current information and updates.

In addition to complying with all laws and regulations governing animal health issues all fairs must adopt and enforce the following rules for governance of the fair:

2021 Fairs - Animal Health Rules

NO animal will be admitted to the fairgrounds unless it meets the requirements below. NO animal is to be unloaded or enter a barn or tie-out stall until the animal and its paperwork have been inspected and approved for entry.

General Rules for All Animals: See M.G.L. c. 128 §2C, 129 §2

1. All animals must be in proper physical condition, be properly identified and free of visual evidence of infectious, contagious or parasitic disease at time of arrival. Specific diseases and conditions which will disqualify an animal for entry are identified for each species in the following sections of the rules. Animals of any species with open or draining wounds will not be approved for entry.
2. Evidence of infectious, contagious or parasitic disease or failure to produce the necessary documents for health certification, vaccination or testing will result in the animal's rejection for entry. THE INSPECTOR'S DECISION IS FINAL.
3. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly-licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
4. Official ID: See Final Rule: Summary of Traceability for Livestock Moved Interstate (Summary of general Requirements by Species)
All livestock must have proper official, individual ID as required for the species, e.g. official metal ear tag, tattoo, scrapie tag, or microchip. Registration forms must accompany health certificates when used as part of official identification.
5. Health Certificates: -- One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and ***VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved. Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements.

For the 2020 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:

- a. MA, and RI: OCVIs issued on or after January 1, 2020 may be used for those animals being shown at multiple fairs and shows in CT, MA, and RI through the 2020 show/fair season ending October 31, 2020.
 - i. CT and ME: An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture (860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.
 - ii. MA -Note: The Big E Fairgrounds in West Springfield requires a CVI issued within the prior 30 days for all horses entering the premises for any show, fair, or exhibition.
 - iii. NH: * * NH: To qualify for the extended CVI, animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2020 to participating NH fairs and shows from July 1 to October 31. The extended CVI is not available for animals that do not reside in New England. Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.
 - iv. ***VT: Contact the VT Animal Health Office (802-828-2421) for specific import requirements that deviate from the general information in this letter and must be met for legal import of livestock.
- b. A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited
MA animals being shown ONLY in MA may substitute a signed, dated letter on the letterhead of an accredited veterinarian for an OCVI if all required information is included and all additional requirements are met.
- c. Multiple animals of the same species may be listed on one health certificate with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- d. An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.
 - i. A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.
 - ii. That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
- e. The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- f. Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
- g. Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2020 for health reasons it must have a new health certificate issued by an accredited veterinarian within 30 days of the next interstate movement.
- h. Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

Sheep: See 9 CFR 79 and Massachusetts Emergency Order 1-AHO-06.

1. No sheep will be allowed entry from flocks in which Scrapie has been diagnosed or in which animals are under surveillance for Scrapie during the previous eighteen months. Information is available from USDA-APHIS at 508-363-2290.
2. No sheep will be permitted entry from flocks in which soremouth has existed or in which sore mouth Vaccine has been administered in the previous sixty (60) days.
