The committee looks at many things when considering to whom to make the awards. We are certainly interested in your work with sheep and agriculture and how it has benefited your life. The committee members want to remind you that they do look at the presentation of your application including neatness, spelling and punctuation. Although you must complete the application yourself, we encourage applicants to have an adult, such as a parent, teacher or leader, proofread the application.

In addition to you, the applicant, completing the application, please ask a Vocational Agriculture Teacher, 4-H Leader or an adult involved in the sheep industry to fill out the attached written reference and enclose the complete form with your application. This reference MUST be sent in by the application due date of May 31, 2018 for your application to be considered.

Please take the time to fill out the enclosed application if you are an eligible youth or pass it on to a young person you may know that is active in the sheep industry. You may copy the application if needed.
